Drawing from Eastern and Western literatures, Heinrich Zimmer presents a selection of stories linked together by their common concern for the problem of our eternal conflict with the forces of evil. Beginning with a tale from the Arabian Nights, this theme unfolds in legends from Irish paganism, medieval Christianity, the Arthurian cycle, and early Hinduism. In the retelling of these tales, Zimmer discloses the meanings within their seemingly unrelated symbols and suggests the philosophical wholeness of this assortment of myth. Copyright © Libri GmbH. Every New Year's Eve since 1946, Nate Meyer has ventured alone to Times Square to listen for the ghostly church bells he and his long-lost wartime lover vowed to hear together. This year, however, his grandson Blaine is pushing Nate through the Manhattan streets, revealing his secrets to his silent, stroke stricken grandfather. Long before, in a peace carefully crafted in the heart of wartime tumult, Nate and Walter forged a loving home in the midst of violence and chaos. But nothing in war is permanent, and now all Nate has is memories of a man his family never knew existed. And a hope that he'll finally hear the church bells that will unite everybody, including the lovers who hid the best and most sacred parts of their hearts.

A totally revised and updated edition of the first book to offer a holistic approach to slowing the progression of MS • Provides guidance on special diets and nutritional supplements, exercise, alternative therapies, and the effects of negative and positive thoughts on MS • Explains how to reduce toxic overload from mercury and chemicals • Includes life wisdom and coping strategies from others who suffer with MS Judy Graham is an inspiration. Diagnosed with multiple sclerosis when she was just 26 years old, 35 years later Judy Graham is still walking, working, and has successfully birthed and raised a son who is now an adult. In this totally revised and updated edition of her groundbreaking Multiple Sclerosis, first published in 1984, she shares the natural treatments that have helped her and many others with MS stabilize or even reverse the condition. Beginning with the effects of diet, she explains that many people with MS have been eating the wrong foods and shows which foods are "good" and "bad," how to recognize food sensitivities, and how to correct nutritional deficiencies using dietary supplements. She also looks at reducing the body's toxic overload, whether from mercury amalgam fillings, chemicals, or medications. She presents the exercises with proven benefits for MS she has found most reliable and appropriate, such as yoga, pilates, and t'ai chi, and explores alternative therapies that provide relief and support to the body's efforts to control MS, including acupuncture, reflexology, shiatsu, reiki, and ayurveda. Most important are the insights she provides on the effects of negative thoughts on MS. She demonstrates how a positive mental attitude can actually slow down or even reverse the progression of this disease. Judy Graham is living proof that, as devastating as a diagnosis of MS is, life can still be lived to its fullest.

Book 3 in the Hard Rock Harlots series "NOCTURNES contains 511 F-bombs, 81 well-endowed male chickens, 65 girl kitties, 58 Richard the Lessers, 10 C-U-Next-Tuesdays, and a plethora of other colorful words and phrases that would deafen your virginal mother's ears and make her bust out her "Shame on you " finger. If you've been tuned in since the beginning of the Hard Rock Harlots series, you know the drill. The sex is extreme, the language is graphic, and the story is over the top. Prudes and under 18s need not apply." WARNING: " NOCTURNES addresses serious topics such as alcoholism, prostitution, and cheating. If you're looking for a barrel of laughs or sunshine and rainbows, this is NOT the book for you." Rax Wrathbone is the dirty rock star you love to hate. The filthy fantasy slithering through your bed sheets. The serpent in your lady garden. The snake bite in your panties that keeps you sweating all night. He. Is. Sex. And he's no good. For anyone. After a nasty breakup with his best friend and their band's drummer, Rax is flying solo for the first time in years. Who needs the drama of commitment when the line for your humping booth spans three city blocks? No, groupies and liquor are far finer company than relationships, and they don't leave bruises after they've had their way with you. At least not lasting ones. Rax's new adventures as an alcoholic, guitar-slashing one-man show are going along swimmingly until the only woman who's ever brought him to his knees shimmies down a pole back into his life. Eve doesn't abide excessive drinking, she has sex with strangers for a living, and she can't remember Rax's name to save her life. She's perfect in every way. Now, if he could just get sober long enough to forget his past and convince Eve he's worthy of her future...

This reprint volume is in honour of one of the leaders of Italian high-energy physics, Antonino Zichichi, who is now 65 years old. It covers the first part of his activity: the years 1959-1976, probably the most intense of his scientific career. The volume includes reprints of articles and of some published laboratory reports, documenting the extraordinary constancy of Zichichi in a scientific programme which spanned more than a decade and laid the foundations for the subsequent discovery by M Perl of the heavy lepton, HL (now called ?), first proposed and searched for at CERN and Frascati by Zichichi in the early sixties.
