Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck. For deals on wheels, 2013 will be a "perfect storm." There's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters. In addition to lower prices and more choices, 2013 car buyers will see more generous cash rebates, low financing rates, bargain leases, and free auto maintenance programs. Buy, sell, or hold? Which cars and trucks are

"wallet-friendly" and can easily last 15 years? Which vehicles offer the most features to best accommodate senior drivers? Do ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers? Is GM's 2013 Volt electric car destined to become an electric Edsel? These questions and more are answered in this informative guide.

This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. Dr. Phil, Canada's best-known automotive expert for more than forty-five years, pulls no punches.

Rich Donnelly was a minor league catcher who never quite got the chance to play in the big leagues. So he became obsessed with reaching the Major Leagues as a coach. While climbing the ladder to his dream job as third base coach for the Pittsburgh Pirates, he became mostly an absentee father who was eventually divorced by his wife. Worse yet, he had a falling out with his only daughter, Amy, who was unafraid to tell her father where he fell short and how he could improve. Then it happened. In March of 1992, seventeen-year-old Amy called her dad to tell him she was going to have brain surgery. A tumor had been found. In October, Rich invited her to Game Five of the 1992 NLCS between the Pirates and the Atlanta Braves. That's when an unlikely cheer was born. From the stands, Amy observed her dad yelling instructions to the runners on second base and jokingly asked him afterwards if he was telling them, "The chicken runs at midnight." The saying stuck. In late January of 1993, Amy died, but not before her dad and her three brothers had let the battle cry be etched into their lives. It stood for never giving in. It stood for challenging your obstacles. It stood for Amy. Rich renewed his life of faith, speaking out for God and what he could do in a person's life if the person paid attention. Four years later, in 1997, after Coach Donnelly had become third base coach for the Florida Marlins, he and his sons brought the battle cry of the chicken with them. That year, the Marlins reached the World Series against Cleveland, a classic that culminated with a seventh game that went extra innings. And the Marlins won that final game when a player nicknamed "Chicken" crossed home plate at exactly twelve midnight. The chicken had run at midnight. The Chicken Runs at Midnight will make you thrill to victory, believe in hope, stand up to cheer for what is good in people's lives, and conclude that God can work in the life of any person, even through his mistakes, even when he's not paying attention, even when he thinks it's too late to turn around.

A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.

As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011/2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an exposé of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers can't beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.
