At the Mountains of Madness - The Shunned House

'To that flash of semi-vision can be traced a full half of the horror which has ever since haunted us' An expedition to Antarctica goes horribly wrong as a group of explorers stumbles upon some mysterious ancient ruins, with devastating consequences. At the Mountains of Madness ranks among Lovecraft's most terrifying novellas, and is a firm favourite among fans of classic horror. The Penguin English Library - collectable general readers' editions of the best fiction in English, from the eighteenth century to the end of the Second World War.

Dyer and Danforth from the Miskatonic University research team take their small plane through the unknown Antarctic mountain range--and land to explore the vast, cyclopean alien city that lies beyond it. Here at last they will discover the hideous secret of all life on Earth...but can they escape these uttermost vaults at the bottom of the world, and keep sanity enough to warn mankind...? At the Mountains of Madness is a journey into the core of Lovecraft's mythos--the deep caverns and even deeper time of the inhospitable continent where the secret history of our planet is preserved--amidst the ruins of its first civilization, built by the alien Elder Things with the help of their bioengineered monstrosities, the shoggoths. Since it was first published in Astounding Stories during the classic pulp era, At the Mountains of Madness has influenced both horror and science fiction worldwide!

From adapter and illustrator Gou Tanabe, comes H.P Lovecraft's At the Mountains of Madness. This manga adaptation of some of Lovecraft's best stories is perfect for manga fans and Lovecraft fans alike. With art resembling more of a western comic book, this book lends itself well as a 'gateway' for those who are looking to get into manga! January 25, 1931: an expedition team arrives at a campsite in Antarctica...to find its crew of men and sled dogs strewn and dead. Some are hideously mangled, as if in rage--some have been dissected in a curious and cold-blooded manner. Some are missing. But a still more horrific sight is the star-shaped mound of snow nearby...for under its five points is a grave--and what lies beneath is not human! At the Mountains of Madness is a journey into the core of Lovecraft's mythos--the deep caverns and even deeper time of the inhospitable continent where the secret history of our planet is preserved--amidst the ruins of its first civilization, built by the alien Elder Things with the help of their bioengineered monstrosities, the shoggoths. Since it was first published in Astounding Stories during the classic pulp era, At the Mountains of Madness has influenced both horror and science fiction worldwide!

This brilliant and page-turning book reveals the importance of H.P. Lovecraft in a way no one has before--a survey of his life but, more importantly, an examination of his influence that stretches throughout the entertainment industry and into society as a whole. Interweaving the biography of the legendary writer with an exploration of Lovecraft as a phenomenon, In the Mountains of Madness strives to explain this reclusive, cultish figure while challenging some of the general views held by Lovecraft devotees. Focusing specifically on the large cross-section of horror and science fiction fans who know Lovecraft through films, role-playing games, and video games directly influenced by his work, but who know little or nothing about the man himself, In the Mountains of Madness places Lovecraft and his work in a cultural context, as an artist more in tune with our time than his own. More than a traditional biography, this provocative book reclaims the true essence of Lovecraft in relation to the comics of Joe Lansdale, the novels of Stephen King, and some of the biggest blockbuster films in contemporary America, proving the undying influence of this rare and significant figure.

At the Mountains of Madness - The Shunned House

A quartet of horror masterpieces from the legendary master of the macabre includes the critically acclaimed title novella, as well as "The Shunned House," "The Dreams in the Witch-House," and "The Statement of Randolph Carter." Reissue.

Includes "The Call of Cthulhu," praised by Conan the Barbarian creator Robert E. Howard as "a masterpiece," and "At the Mountains of Madness," hailed by critic Theodore Sturgeon as "first-water, true-blue science fiction."

"Aku bergidik saat labirin dinding tinggi, menara, dan tiang megah samar bermunculan dari balik uap es. Di hadapanku kemudian terbentang pemandangan sebuah kota dengan arsitektur yang tak pernah ada, bahkan dalam imajinasi sekalipun." Membaca karya-karya H.P. Lovecraft bisa memunculkan kengerian yang khas dan menumbuhkan imajinasi terliar. Sejak kecil, penulis horor paling berpengaruh pada abad ke-20 ini lebih suka mengurung diri dalam rumah sambil membaca berbagai buku. Bacaan favoritnya adalah buku sains dan kisah misteri, terutama karya-karya Edgar Allan Poe yang kelak menjadi inspirasinya dalam berkarya. Sama seperti Poe, Lovecraft disebut-sebut telah memberi warna baru dalam genre horor. Karya-karyanya selalu beberapa langkah lebih maju dibanding tren yang ada pada era itu. Misalnya dalam At the Mountains of Madness, pembaca diajak menempuh perjalanan mendebarkan, melampaui batas nalar. Ilmu pengetahuan diadu dengan mitos. Kengerian menjelma menjadi nyata. Sementara dalam Seruan Cthulhu, pembaca dibuat bertanya-tanya akan eksistensi makhluk-makhluk absurd di antara manusia biasa dan cara mengidentifikasinya. Kini kami hadirkan kembali rangkaian karya Lovecraft yang berpengaruh pada perkembangan genre horor modern. Setiap cerita yang terhimpun dalam buku ini juga menunjukkan bahwa kisah horor juga bisa berdekatan dengan sains dan teknologi. [Mizan, Noura Books, Nourabooks, Novel, Terjemahan, Indonesia]

At the Mountains of Madness - The Shunned House

When Geology Professor Dr. William Dyer set out on an Antarctic expedition, he and his team accidentally stumbled across some mysterious ancient ruins situated beyond a mountain range higher than the Himalayas. However, what began as excitement soon turned to fear as the party came to grips with the dangerous secrets hidden within their deepest depths. Howard Phillips Lovecraft (1890–1937) was an American writer of supernatural horror fiction. Though his works remained largely unknown and did not furnish him with a decent living, Lovecraft is today considered to be among the most significant writers of supernatural horror fiction of the twentieth century. Other notable works by this author include: "The Call of Cthulhu", "The Rats in the Walls", and "The Shadow over Innsmouth". Read & Co. is publishing this classic novella now as part of our " Fantasy and Horror Classics " imprint in a new edition with a dedication by George Henry Weiss.
