A brand’s meaning—how it resonates in the public heart and mind—is a company’s most valuable competitive advantage. Yet, few companies really know how brand meaning works, how to manage it, and how to use brand meaning strategically. Written by best-selling author Carol S. Pearson (The Hero Within) and branding guru Margaret Mark, this groundbreaking book provides the illusive and compelling answer. Using studies drawn from the experiences of Nike, Marlboro, Ivory and other powerhouse brands, the authors show that the most successful brands are those that most effectively correspond to fundamental patterns in the unconscious mind known as archetypes. The book provides tools and strategies to: • Implement a proven system for identifying the most appropriate and leverageable archetypes for any company and/or brand • Harness the power of the archetype to align corporate strategy to sustain competitive advantage

This second edition of Brand Meaning lays out new territory for the understanding of how brands both acquire and provide meaning. The author draws on his experience with leading international companies to propose a compelling framework for the conscious and unconscious ways in which people connect with products and brands. Revised and updated, it contains contemporary as well as classic examples of brand meaning in practice from various countries, and expands on the theory, methods and applications of brand meaning. The book’s multidisciplinary approach and concise yet comprehensive content makes it an ideal supplemental reader for undergraduate, graduate, and MBA courses, as well as valuable reading for practitioners in the fields of marketing, advertising and consumer research. For more information, visit www.brandmeaning.com.

For brands to succeed in a competitive environment they need to build a 'loving' relationship with their customers. Brands need to construct an emotional engagement with customers so that they feel genuinely connected to it and what it has to offer. Through 15 steps this books reveals how to use High Design principles to build a truly loved brand.

“Genre fiction series are the bread and butter of mid-list writers. For many they make the difference between a writing dream and a writing career.” Zoe York/Ainsley Booth, USA Today and New York Times bestselling author For the first time ever in print, Zoe York breaks down how she plans a series—something she has done ten times over. Romance Your Brand is an adaptation of an intensive four-week course, now available to authors everywhere. This book covers: • high-concept pitches • world-building • taglines and blurbs • building a cast of characters • writing the first book in a series • finding comparable series • covers • how to write towards future marketing • and why ALL OF THE ABOVE should be considered before you write a single word

Branding has reached a new frontier. In the future brands will have to appeal to more than one or two of the classic five senses. Branding expert Neil Gains shows both the science and the practical applications of how this can be done, and links symbolism and storytelling to sensory experience in brand marketing. Drawing on the latest research and design thinking he shows how brands can link storytelling archetypes and symbolism to customer experience to build a multi-sense phenomenon. This groundbreaking book provides innovative branding tools for evaluating where a brand is on the sensory and storytelling scale, analyzing its potential and giving it a clear pathway to optimizing its unique sensory appeal.

Archetypes in Branding: A Toolkit for Creatives and Strategists offers a highly participatory approach to brand development. Combined with a companion deck of sixty original archetype cards, this kit will give you a practical tool to: Reveal your brand's motivations, how it moves in the world, what its trigger points are and why it attracts certain customers. Forge relationships with the myriad stakeholders that affect your business. Empower your team to access their creativity and innovate with integrity. Readers will use this tool over and over again to inform and enliven brand strategy, and to create resonant and authentic communications. For more information visit www.archetypesinbranding.com.

Traditionally, romance novels have a reputation as being no more than trashy, sex-filled fantasy escapes for frustrated housewives. But books in this genre account for nearly half of the paperbacks published. Contributors examine the patterns used by the romance authors to tell their stories.

The value of advertising has always been an effective way to increase consumerism among customers. Through the use of emotional branding, companies and organizations can now target new and old patrons while building a strong relationship with them at the same time, to ensure future sales. Driving Customer Appeal Through the Use of Emotional Branding is a critical scholarly resource that examines the responses consumers have to differing advertising strategies, and how these reactions impact sales. Featuring relevant topics such as multisensory experiences, customer experience management, brand hate, and product innovation, this publication is ideal for CEOs, business managers, academicians, students, and researchers that are interested in discovering more effective and efficient methods for driving business.

Have you ever wondered why you are drawn to certain people, ideas or products and turned off by others? Are you constantly searching for something you can't put your finger on, or wondering whether you are living a life that truly fits?In Archetypes, New York Times bestselling author Caroline Myss delves into the world of archetypes, which have been the subject of her work for more than 25 years. Archetypes are universal patterns of behavior that, once discovered, help you better understand yourself and your place in the world. In short, knowing your archetypes can transform your life.Within the pages of this book, Myss writes about ten primary archetypes that have emerged in today's society: the Caregiver, the Artist/Creative, the Fashionista, the Intellectual, the Rebel, the Queen/Executive, the Advocate, the Visionary, the Athlete, and the Spiritual Seeker. In each chapter, she explains one individual archetype, showing how it has evolved and then in fascinating detail lays out the unique characteristics, the defining graces, the life challenges, and other information to help you understand if you are part of this archetype family and if so, how you can fully tap into its power. She also offers tips and practical advice on how to fully engage with your archetypes. Learning which archetypes best describe you is just the beginning. You can then use this knowledge to make more conscious decisions about everything from careers to relationships, avoiding common pitfalls of your personality type while playing up your strengths. The result is a happier, more authentic you. It's never too late to change your life by embracing your archetypes to the fullest.So are you a Rebel? An Artist? A Visionary? Join us . . . and find yourself.

This distinctive volume explores how romantic coupleship is represented in books, magazines, popular music, movies, television, and the Internet within entertainment, advertising, and news/information. This reader offers diverse theoretical perspectives and methodological approaches on the representation of romantic relationships across the media spectrum. Filling a void in existing media scholarship, this collection explores the media's influence on perceptions and expectations in relationships, including the myths, stereotypes, and prescriptions manifested throughout the press. Featuring fresh voices, as well as the perspectives of seasoned veterans, contributions include quantitative and qualitative studies along with cultural/critical, feminist, and descriptive analyses. This anthology has been developed for use in courses on mass media and society, media studies, and media literacy. In addition to its use in coursework, it is highly relevant for scholars, researchers, and others interested in how the media influence the personal lives of individuals.
