A new standalone romance from the New York Times bestselling author of Twist Me and The Krinar Chronicles Emily Ross never expected to survive her deadly fall in the Costa Rican jungle, and she certainly never thought she'd wake up in a strangely futuristic dwelling, held captive by the most beautiful man she'd ever seen. A man who seems to be more than human... Zaron is on Earth to facilitate the Krinar invasion--and to forget the terrible tragedy that ripped apart his life. Yet when he finds the broken body of a human girl, everything changes. For the first time in years, he feels something more than rage and grief, and Emily is the reason for that. Letting her go would compromise his mission, but keeping her could destroy him all over again. NOTE: This is a full-length, standalone romance that takes place approximately five years before The Krinar Chronicles trilogy (aka Mia & Korum's story). You do not have to have read that trilogy to enjoy this book.

A young journalist. An alien sex club. A Krinar who won't take no for an answer. Amy Myers is tired of writing fluff. She wants to work on serious assignments--and what better way to prove herself than to uncover something new about the mysterious Krinar, the aliens who took over the Earth just two years earlier? But when she meets Vair, the dark and sexy owner of a Manhattan x-club, she may get more than she bargained for...

What happens in an alien sex club stays in an alien sex club, right? Well... not if you pen an exposé on the place. And certainly not if you omit the fact that the experiences in the article are your own. Or if the Krinar you've hooked up with is the club's owner, whose many kinks involve blackmail and mind games. For a young journalist out to prove herself, it's all about landing the next big story. Until it becomes all about landing in a possessive alien's penthouse bed. Note: This full-length novel combines two previously published works--The X-Club, a short story by Anna Zaires, and Vair, the sequel written by Hettie Ivers. It also contains an all-new, expanded ending and an epilogue featuring Mia & Korum.

When Delia sees the naked man emerging from the stormy sea, she knows he must be more than human. Gorgeous and powerful, the god-like stranger saves her from certain death, but his rescue comes at a price: herself. Note: Swept Away is a novelette/short story of approximately 8,000 words (50 print pages) set in the world of the Krinar Chronicles. It's about the start of Arus & Delia's relationship in Ancient Greece. It can be read as a standalone or after the Krinar Chronicles trilogy.
