For undergraduate courses in sports economics, this book introduces core economic concepts developed through examples from the sports industry. The sports industry provides a seemingly endless set of examples from every area of microeconomics, giving students the opportunity to study economics in a context that

Online Library Crafting And Executing Strategy 20th

holds their interest. The Economics of Sports explores economic concepts and theory of industrial organization, public finance, and labor economics in the context of applications and examples from American and international sports.

Thorough yet concise, ESSENTIALS OF STRATEGIC MANAGEMENT, Third Edition, is a brief version of the authors' market-leading text STRATEGIC MANAGEMENT: AN INTEGRATED APPROACH. Following the same framework as the larger book, ESSENTIALS helps students

Online Library Crafting And Executing Strategy 20th

identify and focus on core concepts in the field in a more succinct, streamlined format. Based on real-world practices and current thinking, the text's presentation of strategic management features an increased emphasis on the business model concept as a way of framing the issues of competitive advantage. Cutting-edge research, new strategic management theory, and a hands-on approach allow students to explore major topics in management, including corporate performance, governance, strategic leadership, technology, and business ethics. In addition, a high-quality case program examines small, medium, and large companies--both domestic and international--so that students gain experience putting chapter concepts into real-world practice in a variety of
