In this companion volume to JOYFUL NOISE: POEMS FOR TWO VOICES, the winner of the 1989 Newbery Medal, Paul Fleischman celebrates the sound, the sense, the essence of birds. This is the second of two volumes which take a biographical approach to portray American history as the story of real people who actually lived, struggled, enjoyed triumphs and suffered failures. The articles in each chapter provide different perspectives on a period or historical question, and each selection has been chosen for its literary merit, its importance to historical scholarship, and its potential for exciting students' interest.
