Economics Of

Development
And Planning
M. Jindan

This book covers a wide range of topics and concepts of developmental economics,

theories, models, and their histories. I

highly recommend this book for

undergraduates as the writing style

and the use of

English are quite

simple and easy to

as well as co-ordinate economic decisions made on

economic issues of a nation. It is also known as economic planning of a nation.

The concept of development planning was first introduced in 1917 A.D. in the former Soviet union.

Development
economics is a
branch of economic
study that focuses
on improving fiscal,
economic and social
conditions in
developing
countries.

File Type PDF
Economics Of
Development
Development
And Planning
Economics
Definition

Economic planning has some essential features: (a) There must be a centralised planning authority for preparing the plans and suggesting the means for their implementation. (b)

File Type PDF

Economics Of

Development
And Planning
M. Jhingran

Before framing the plan, the planning authority should undertake an accurate survey of the available resources (both existing and potential) and the essential needs of the country.
