Buckle up, folks. It's time to jump in, embrace your inner self, and release the things that are holding you back from wholeness. Enter the Millenneagram. The Enneagram is an ancient personality typing system

that has a sneaky way of revealing who we are and why we do the things we do.

Using nine types, it gets to the root of our fears and motivations, unveiling our inner-most selves.

Millenneagram reinvigorates

Download Ebook Enneagram Guide

the Enneagram by putting a modern spin on the classic nine types. Hannah Paasch, creator of the popular #millenneagram threads on Twitter, reveals how this system acts as a map toward our authentic selves. For

Download Ebook Enneagram Guide

Hannah, the Enneagram is not about changing who we are, but rather nurturing and loving our whole selves, even the pain in the ass qualities. "Only from this position of wholeness, rootedness in who we are,

what we believe, and what kind of story we are writing, will we be able to act bravely for the sake of justice and humanity - to approach our f*cked-up world with the grounded courage it asks of us." With her

Download Ebook Enneagram Guide

trademark irreverent humor and empowering affirmations, Millenneagram reframes the classic Enneagram types with a fresh perspective and new names that cut right to the chase: #1 The Machine "I'm an Enneagram 1 and I Can Fix

#8 The Dragon "I'm an Enneagram 8

introspection and growth.
Hannah's revamped Enneagram goes beyond simply identifying with a type: it gives us permission to be our truest, enough-as-is, bad-ass selves.
