Teachers facing the challenge of meeting the diverse reading needs of students will find the structure and tools they need in Jan Richardson's powerful approach to guided reading. Richardson has identified the essential components of an effective guided reading lesson: targeted assessments, data analysis that pinpoints specific strategies students need, and the use of guided writing to support the reading process. Each chapter contains planning sheets to help teachers analyze assessments in order to group students and select a teaching focus Includes detailed, ready-to-go lesson plans for all stages of reading: emergent, early, transitional, and fluent

Getting Ready for the 4th Grade Assessment Test: Help Improve Your Child ' s Math and English Skills — Many parents are expressing a demand for books that will help their children succeed and excel on the fourth grade assessment tests in math and English — especially in areas where children have limited access to computers. This book will help students practice basic math concepts, i.e., number sense and applications as well as more difficult math, such as patterns, functions, and algebra. English skills will include practice in reading comprehension, writing, and vocabulary. Rubrics are included for self-evaluation.

This set of grade 4 math resources covers multiplication and division word problems; quadrilaterals; place value and multi-digit addition and subtraction; angles and polygons; multi-digit multiplication; the metric measurement system; multi-digit division; patterns, functions, and graphs; fractions; three-dimensional figures; decimal numbers; and the U.S. customary measurement system.
