Canadian sociologist Marshall McLuhan understood the power of media and their ability to transcend geopolitical borders when he coined the phrase "global village." While telecommunications have made the world feel like a smaller place, American mass media have also promoted a "culture of thinness" that has diffused throughout popular culture.

Think like a sociologist! Exploring Sociology: The Concise Edition is truly a "students-first" resource. Written with students in mind, Authors Bruce Ravelli and Michelle Webber inspire students to think sociologically and to engage their sociological imaginations to foster an appreciation for how social factors such as income level, gender, and minority status influence who they are and the people they become. Through its distinctive approach to the field, its readability, and its relevance to students' lives, Exploring Sociology: The Concise Edition helps professors to develop the sociological imagination in their students by encouraging them to see sociology from multiple perspectives.

Note: You are purchasing a standalone product; Revel does not come packaged with this content. Students, if interested in purchasing this title with Revel, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. Exploring Sociology is a "students first" resource written with millennial students in mind, and with their help. Bruce Ravelli and Michelle Webber, the authors of Exploring Sociology, believe that theory provides the foundation for sociology and that students need to explore both classical and modern theory to grasp the sociological endeavour fully. Accordingly, this text provides the most comprehensive overview of classical and modern social theories of any textbook. This is the first mainstream introductory sociology text to devote an entire chapter to contemporary theory, and the first to integrate postmodern and post-structural theoretical insights meaningfully throughout the book. Through its distinctive approach to the field, its readability, and its relevance to students' lives, Exploring Sociology: A Canadian Perspective, Fourth Edition, helps professors develop the sociological imagination in their students by encouraging them to see sociology through multiple lenses. Topics are presented in ways that allow students to engage with the material and to exercise their sociological imaginations. This is a core text for courses in social problems. Using a strong Canadian perspective, it examines the social dynamics and consequences of social problems (such as unemployment, poverty, global inequality) through the lens of the main sociological paradigms. It takes a broad approach and examines the social construction of social problems and the impact of social problems on individual and societal health. Possible solutions for individuals and society at large are examined.

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Now in its second edition, Research Methods offers students a highly accessible and engaging introduction to research methodology from a uniquely Canadian perspective. This text examines both qualitative and quantitative research methods from the early planning stages to writing proposals and reports, including common errors in reasoning and research, alongside inquiry paradigms, theoretical frameworks, and relevant literature reviews. It also covers ethics, design and measurement, sampling, experiments, and surveys, as well as unobtrusive methods, qualitative interviewing, ethnography, mixed-methods, and multiple-method approaches. New to this edition are sections on Indigenous knowledges and the need for decolonizing methods, emerging practices and technologies, expanded information on theory and data analysis, a student sample research report and poster presentation, updated figures and statistics, and current online resources. Designed to bring research methods to life in a manner that sparks students' interest in exploring the social world around them, this text is an ideal resource for students in sociology, social work, and anthropology who are completing the research methods component of their degree. FEATURES: - Includes key terms, learning objectives, test yourself questions, research on the net boxes, research in action boxes, research reflection questions, learning through practice exercises, research resources, and chapter summaries - Applies a learning-through-practice approach, that encourages students to apply developing research skills to corresponding activities - Incorporates contemporary examples from research by Canadian researchers

This collection of original essays examines the complex relationship between schooling and society.

Now in its fourth edition, Principles of Sociology remains the most concise yet comprehensive introduction to sociological theory and Canadian society. This text offers students an accessible approach to the core concepts and theories of sociology, and brings these principles to life with its discussions of cutting-edge research, historical developments, contemporary movements, and numerous Canadian and international examples.
