I am working on a Hesston 540 round baler and had a few
questions about the hydraulic bale tension system operation.
Mainly- the belts are getting loose when the lowering the
tailgate. I mean loose enough the hang down between the
tailgate and pickup. This is when raising and lowering the
tailgate with no hay in the chamber. Have a pressure gauge
on it and pressure goes to zero shortly after ...

Round the World in the Wrong Season, by Eric T. Wiberg - Written between 1994 and 2009, is a memoir of global travel and an unfulfilled college crush. The book follows the narrator out of school and across the Pacific. At only 23 he has command of a 68-foot Burmese-teak ketch built in Scotland thrust upon him. The owner is on a voyage home to his death, and along the way they hire sailors twice the skipper's age. They makes it to New Zealand in a storm which sinks seven yachts, then spends months shearing sheep and writing a memoir. By the time the narrator makes a rendezvous with his college sweetheart (who has been teaching Thai students on the Burmese border), she seems to have all but forgotten him. This leads to a less than satisfactory denouement and puts at least one of them in the hospital. The book includes extensive photographs and hand-drawn charts and a detailed bibliography. It is over 400 pages in length, perfect bound in cloth. More www.wrongseason.net and www.ericwiberg.com
