It▯s business school, the Branson way. Whether you▯re interested in starting your own business, improving your leadership skills, or simply looking for inspiration from one of the greatest entrepreneurs of our time, Richard Branson has the answers. Like a Virgin brings together some of his best advice, distilling the experiences and insights that have made him one of the world▯s most recognized and respected business leaders. In his trademark thoughtful and encouraging voice, Branson shares his knowledge like a close friend. He▯ll teach you how to be more innovative, how to lead by listening, how to enjoy your work, and much more. In hindsight, Branson is thankful he never went to business school. Had he conformed to the conventional dos and don▯ts of starting a business, would there have been a Virgin Records? A Virgin Atlantic? So many of Branson▯s achievements are due to his unyielding determination to break the rules and rewrite them himself. Here▯s how he does it.

The author looks back over his exploits as one of the world's most unconventional business tycoons

"Much more than just a memoir, this is Richard Branson's own take on his extraordinary life so far - and a definitive business guide that reveals his unique philosophy on commerce, success and life."--Page 4 of cover.

"The brave may not live forever-but the cautious do not live at all!" -Sir Richard Branson Richard Branson is an iconic entrepreneur and the founder of Virgin Airways, Virgin Records, and many other Virgin businesses around the world. Now he shares the inside track on his life in business and reveals the incredible truth about his most risky, brilliant, and audacious deals. Combining invaluable advice with remarkable, and candid stories of Virgin's greatest achievements, as well as some of its setbacks, this is a dynamic, inspirational, and truly original guide. Whether you are an executive, an entrepreneur, or are just starting out, Branson strips business down to show how you can succeed and make a difference.

Twenty years after his iconic memoir Losing My Virginity, the world▯s ultimate entrepreneur is back with the rest of the story. Richard Branson▯s Losing My Virginity shared the outrageous tale of how he built Virgin from a student magazine into one of the greatest brands in history. No challenge was too daunting, no opportunity too outlandish to pursue. And each new adventure started with five simple words: ▯Screw it, let▯s do it.▯ Now, fifty years after starting his first business, Branson shares the candid details of a lifetime of triumphs and failures and what he really thinks about his unique life and career. Finding My Virginity is an intimate look at his never-ending quest to push boundaries, break rules, and seek new frontiers▯even after launching a dozen billion-dollar businesses and hundreds of other companies. As he led Virgin into the new millennium, Branson fearlessly expanded the brand into new categories such as mobile, media, fitness, and banking and into every corner of the globe▯all while preserving its iconoclastic, scrappy spirit. He even brought Virgin into space with Virgin Galactic, the world▯s first commercial spaceline. Finding My Virginity takes us behind the scenes of the incredible brains, heart, and sacrifices that have gone into making private spaceflight an imminent reality▯even after the biggest crisis Branson has ever faced. But this book is much more than a series of business adventures. It▯s also the story of Branson▯s evolution from hotshot entrepreneur to passionate philanthropist and public servant, via Virgin Unite▯s environmental and health initiatives and through the Elders, a council of influential global leaders. And it▯s the story of his personal quest to become a better son, husband, father, and ▯grand-dude▯ to his four grandchildren. Featuring a supporting cast that includes everyone from Bill Gates to Kate Moss, Nelson Mandela to Barack Obama, this is the gripping account of a man who will never stop reaching for the stars, in more ways than one. Find out how Branson did it for the first time▯all over again.

This is a book on leadership from someone who has never read a book on leadership in his life. While building the Virgin Group over the course of forty years, Richard Branson has never shied away from tackling seemingly outlandish challenges that others (including his own colleagues on many occasions) considered sheer lunacy. He has taken on giants like British Airways and won, and monsters like Coca-Cola and lost. Now Branson gives an inside look at his strikingly different, swashbuckling style of leadership. Learn how fun, family, passion, and the dying art of listening are key components to what his extended family of employees around the world has always dubbed (with a wink) "the Virgin Way." This unique perspective comes from a man who dropped out of school at sixteen, suffers from dyslexia, and has never worked for anyone but himself. He may be famous for thinking outside the box--an expression he despises--but Branson asserts that "you'll never have to think outside the box if you refuse to let anyone build one around you."

What do great enterprises have in common? What sort of person starts them? A single idea can help you find the next big thing, but it takes time to filter through hundreds of business books to find inspiration. With insightful commentaries on the landmark writings of old and new, 50 Business Classics presents the great entrepreneur stories, the best management thinking and the proven ideas on strategy, innovation and marketing - in one volume. 50 Business Classics presents the key ideas from classic texts such as My Years with General Motors and Michael Gerber's The E-Myth Revisited to contemporary business lessons from the rise of tech giants like Google, Apple and Amazon. It contains revealing biographies of luminaries like Steve Jobs and Warren Buffett, as well as lesser-known stories including creation of publishing giant Penguin and Chinese behemoth Alibaba. Here you'll find the texts and ideas that matter in: · Entrepreneurship · Leadership · Management · Strategy · Business history · Personal development · Technology and innovation Summarizing the smartest thinking for today's professional success, 50 Business Classics provides inspiration and insights for entrepreneurs, executives and students of business and management alike.

At the heart of contemporary corporate leadership lies a crisis of confidence. Since the financial crash of 2008, distrust of employers among the workforce has dramatically increased due to a lack of authentic leadership. But how can leaders become and remain authentic? Yours Truly draws on a host of inspirational examples from executives of multinational corporations to political leaders and sports leaders, as well as more than two decades of research, in order to examine and explain the missing link in research into authentic leadership: how leaders strive for success, excellence and constant renewal, whilst remaining true to themselves. Margarita Mayo introduces the three characteristics ▯ Heart, Habits and Harmony ▯ that differentiate authentic from non-authentic leaders. Presented within a practical framework, the book provides a measurable guide to developing your own authentic power: Contagious passion that wins the hearts of others; Setting new habits of learning to empower others; and Enhancing harmony by building authentic contexts. Ideal for managers, senior executives and aspiring leaders, Yours Truly captures the value of authentic leadership in transforming organizations. The book strips away the seemingly magical, innate charismatic qualities of leaders in order to showcase a less mysterious and more practical process that can be followed by anyone.

The Big Gambletakes you on an armchair journey from the tulip fields of 17th century Holland and the South Seas to the gaming tables in Las Vegas. Discover how economic bubbles form, and learn about an "early warning system" you can use to either avoid the next one or wisely capitalize on it. In plain English, without jargon or blue-sky economic theory, discover: Why you're not really "playing it safe" when you invest conservatively, even in U.S. Treasury bills or mutual funds. Nine financial risks you need to watch out for when building a portfolio or allocating investments in your 401(k) plan. The twelve cardinal rules of speculating that are critical to successfully making your assets grow. Why you should think twice before sinking your life savings into economic icons like General Motors or Wal-Mart. Three surefire economic signals that will show you the "next big thing" and identify potential bubbles when they are beginning.

Dear Reader, As I was about to start my eleventh novel, I abruptly realized that I was making a huge mistake. On the verge of launching into the imagined world of a twenty-eight-year-old, I felt an intense need to tell another story, the story of a woman I know through and through...a woman with more wealth of experience, a woman who's seen more real glamour, known more fascinating people, lived in a world of more sophistication, and arrived at more hard-won maturity than that twenty-eight-year-old could hope for---in short, my own story. I've tried to remain as unknowable as possible, the better to let my heroines hold the stage, but now I was ready to tell the truth about myself, with no holding back. I've had a different life from that of the majority of women of my generation and background. While I seemed like another "nice Jewish girl," underneath that convenient cover I'd traveled my own, inner-directed path and had many a spicy and secret adventure. I grew up in a complicated tangle of privilege, family problems, and tormented teenaged sexuality. After a riotous education at Wellesley, my life was turned upside down by a glorious year in Paris, marked by an intense but ill-starred romance. I spent the next half-decade in New York, sowing lighthearted wild oats until I finally met my true love, to whom I've been married for forty-six years. When I was fifty I had an utterly unexpected, almost unbelievable success as a number-one bestselling novelist that has continued for book after book. Challenging, lucky, exciting, and often devastatingly askew, my life seems to have been lived under a wild and antic star. I've had as much amazing fun as my heroines, and here's the book to prove it. Judith Krantz
