I recently got my first GPSr, a Magellan SporTrak Pro, for cheap at a yard sale. It even came with the Mapsend software. What it didn't come with was the data or power cables and I really don't think they are worth \$20 each for something that only consists of a couple of wires. I have all the equipment to make my own (for less than \$2 each) except for one thing...the knowledge of which of the ...
