The tenth edition of Knapp's CONTEMPORARY AUDITING utilizes real-world cases to highlight the work environment of auditors. Using real-world examples and pointing out potential red flags, these cases help students to identify audit problem areas. Knapp's CONTEMPORARY AUDITING contains the most recent, compelling, and up-to-date examples. Those cases most widely used by adopters have been retained: Enron Corporation, Golden Bear Golf, Hopkins v. Price Waterhouse, Lehman Brothers, Leigh Ann Walker, Madoff Securities, The Trolley Dodgers, and ZZZZ Best Company. Many of the returning cases have been updated to include relevant circumstances and events that have occurred since the publication of the previous edition. This edition features 18 new cases. Three of them are comprehensive cases: AA Capital Partners, DHB Industries, and Navistar International Corporation. New cases in the Audits of High-Risk Accounts section include LocatePlus Holdings Corporation, Powder River Petroleum International, and Take-Two Interactive Software. The sections of the book that focus on ethical issues have three new cases: Accuhealth, Dell, and Wichita Falls. Section 5, Ethical Responsibilities of Independent Auditors, has new cases on IPOC International Growth Fund, Richard Grimes, Staff Accountant, and Ryden Trucking. The final new case is an international case, Longtop Financial Technologies Limited. The tenth edition fully integrates all recent risk assessment standards recently adopted by the auditing community. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Providing a comprehensive account which brings a wide range of countries to the forefront in terms of both comparability and accountability, this study shines a light on the differences in accounting systems between states, and fills a gap in the literature by combining these aspects of public sector accounting and auditing within a single book.

Today's internal auditor is responsible for creating higher standards of professional conduct and for greater protection against inefficiency, misconduct, illegal activity, and fraud. Now completely revised and updated, Brink's Modern Internal Auditing, Seventh Edition is a comprehensive resource and reference book on the changing world of internal auditing, including new coverage of the role of the auditor and internal control. An invaluable resource for both the new and seasoned internal auditor, the Seventh Edition provides auditors with the body of knowledge needed in order to be effective.

Modern Auditing has become established as one of the leading textbooks for students taking university and professional courses in auditing. This extensively revised third edition continues to provide the reader with a comprehensive and integrated coverage of the latest developments in the environment and methodology of auditing. Aimed at introductory level courses in auditing at undergraduate,

graduate and professional levels, it develops the auditing process in a logical and sequential manner enabling the reader to progressively consolidate their understanding of the concepts and process. The book contains a strong pedagogical framework including: chapter overviews, learning objectives and checks, review questions, professional application questions, case studies and a glossary of technical terms. New features include: Updated coverage of developments in companies legislation, regulation and corporate governance Discussion of new developments in ethical codes Coverage of the latest audit risk standards and the impact of the IAASB ' s Clarity Project Focus on changes in professional statements and structure and the increasing influence of IFAC

A definitive new reference on the major failures of American corporate governance at the start of the 21st century. Tracing the market boom and bust that preceded Enron's collapse, as well as the aftermath of that failure, the book chronicles the meltdown in the telecom sector that gave rise to accounting scandals globally. Featuring expert analysis of the Sarbanes-Oxley legislation that was adopted in response to these scandals, the author also investigates the remarkable market recovery that followed the scandals. An exhaustive guide to the collapse of the Enron Corporation and other financial scandals that erupted in the wake of the market downturn of 2000, this book is an essential resource for students, teachers and professionals in corporate governance, finance, and law.

This analytical volume looks at emerging fiscal trends and introduces the tools for effective financial management to American business professionals in the public, private, and nonprofit sectors. • Provides step-by-step procedures for developing critical measurement indicators • Shares the attributes of a good budgeting system • Covers the new rules of financial reporting in both government and nonprofits • Provides a comprehensive and holistic approach to auditing that shows how to minimize manipulation and increase reliability to users
