Reporting your findings Once you have analysed your data you can set out clear evaluation findings and recommendations in an impact report. You can use your findings to engage with audiences outside your organisation, report to funders and attract further funding, and improve your work. Understanding the audience for your report

Reporting your findings — NCVO Knowhow

Presenting your Findings report in an easy-to-read manner is essential. Use headings and subheadings, and number each section consistently. If your summary is numbered 1.0, your discussion will be 2.0. The first topic heading in your discussion section will be 2.1, the second one will be 2.2, and each one will continue to be numbered consecutively.

How to Write a Findings Report | Pen and the Pad

The purpose of the results section of the thesis is to report the findings of your research. You usually present the data you obtained in appropriate figures (diagrams, graphs, tables and photographs) and you then comment on this data. Comments on figures and tables (data commentary) usually have the
