In 2000, the United Nations laid out a series of eight goals meant to guide humankind in the new century. Called the Millennium Development Goals, these targets are to be met by 2015 and are to lay the foundation for a prosperous future. In *Race Against Time*, Stephen Lewis advances real solutions to help societies across the globe achieve the Millennium Goals. Through lucid, pragmatic explanations, he shows how dreams such as universal primary education, a successful war against the AIDS pandemic, and environmental sustainability, are within the grasp of humanity. For anyone interested in forging a better world in the third millennium, *Race Against Time* is powerful testimony.

Frederick Septimus Kelly, pianist, composer, Olympic gold medallist, World War I officer, diarist and Australian, was killed during the final battle of the Somme on 13 November 1916. He was 35. An expatriate long forgotten in his own country, he lived an extraordinary life in the company of some of Europe's most influential people. His diaries, covering the period 1907-1915, are held in the National Library of Australia.

"For almost two decades, investigative journalist Jerry Mitchell doggedly pursued the Klansmen responsible for some of the most notorious murders of the civil rights movement. This book is his amazing story. Thanks to him, and to courageous prosecutors, witnesses, and FBI agents, justice finally prevailed." —John Grisham, author of *The Guardians* On June 21, 1964, more than twenty Klansmen murdered three civil rights workers. The killings, in what would become known as the "Mississippi Burning" case, were among the most brazen acts of violence during the civil rights movement. And even though the killers' identities, including the sheriff's deputy, were an open secret, no one was charged with murder in the months and years that followed. It took forty-one years before the mastermind was brought to trial and finally convicted for the three innocent lives he took. If there is one man who helped pave the way for justice, it is investigative reporter Jerry Mitchell. In *Race Against Time*, Mitchell takes readers on the twisting, pulse-racing road that led to the reopening of four of the most infamous killings from the days of the civil rights movement, decades after the fact. His work played a central role in bringing killers to justice for the assassination of Medgar Evers, the firebombing of Vernon Dahmer, the 16th Street Church bombing in Birmingham and the Mississippi Burning case. Mitchell reveals how he unearthed secret documents, found long-lost suspects and witnesses, building up evidence strong enough to take on the Klan. He takes us into every harrowing scene along the way, as when Mitchell goes into the lion's den, meeting one-on-one with the very murderers he is seeking to catch. His efforts have put four leading Klansmen behind bars, years after they thought they had gotten away with murder. *Race Against Time* is an astonishing, courageous story capturing a historic race for justice, as the past is uncovered, clue by clue, and long-ignored evils are brought into the light. This is a landmark book and essential reading for all Americans.

An intimate glimpse into the experiences of a daughter and the father she loves as death draws near, providing an intellectual rationale for the importance of coming to terms with death, an emotional look into what it's like to sit vigil with a loved one, and spiritual directions for creating an atmosphere of comfort and safety that the dying person needs to let go. The story shines a positive light on death to help us accept its presence in our lives.

What happens when the storm does not pass? When the pain does not stop? When the prodigal does not return? When our sins continue to taunt us? When we make the same mistakes and break the same hearts again and again? When the chasm between what we do and what God intends widens until we can't even see the other side? In six very special encounters recorded in the Gospels, Jesus addressed the too much and the too late scenarios of our lives. Pastor, teacher, and author Shane Stanford brings these meetings vividly to life, offering a glimpse of Jesus' passion for restoring the unrestorable and redeeming the unredeemable. As a hemophiliac who lives with HIV and hepatitis-C, Stanford has deeply and personally experienced the too much and the too late of life, and recognizes his own story in these six appointments with Jesus. In *When God Disappears*, he helps us to do the same: to see ourselves in these messy, all too-human Jesus encounters and to experience the grace and hope of a God who has not forgotten us.

Sometimes fate brings you together...only to tear you apart Growing up in the foster system, Quinn O'Meara made a point of never getting involved. But when she discovers a crying baby amid a fiery crime scene, she knows she has no choice. Suddenly in way over her head, Quinn turns to the police, unintentionally positioning herself in the crosshairs of a deadly human-trafficking ring. The last time homicide detective Nick Saldano saw Quinn, she was still the young girl he'd shared a foster home with. The girl who'd loved and cared for him when no one else had. Now here she was, gorgeously all grown-up—and in terrible danger. Unwilling to lose her again, Nick insists on keeping Quinn close, especially when the bond they once shared heatedly slides into desire. Quinn finally has someone worth holding on to, but what kind of future can they have when she might not live to see tomorrow?

4 large B-cell lymphoma that was 80 percent aggressive. Doug spent the rest of the day sitting in his car, alone in prayer. Finally, he called Lisa to tell her that he was on his way home and he wanted a family meeting and communion. Emotionally exhausted and noses still running from crying, Lisa, her mom, and Ashley gathered in the family room as Doug told them about his time with God. "God did not do this to me—and if He did not do this to me, then it doesn't belong to me!" he told them emphatically. It was just what they need to hear. God Did Not Do This to Me is Lisa's story of the family's trials and triumphs through a cancer diagnosis. Putting on the armor of God, Doug was determined to turn his battle with cancer into an intercession for the country, even joking that the chemotherapy treatments made him resemble a bald eagle. By the end of the year, Doug's cancer was in remission. "We know that the Great Physician heard the numerous prayers of our friends and spiritual family from all over the world, and blessed us all with a testimony of His healing power," Lisa says. "We are forever changed through this experience. He has expanded my heart of compassion, taught me to pour out more grace, to be an even bigger giver, and to appreciate the little things all the more."

Scipio Africanus Jones -- a self-taught attorney who was born enslaved -- leads a momentous series of court cases to save twelve Black men who'd been unjustly sentenced to death. In October 1919, a group of Black sharecroppers met at a church in an Arkansas village to organize a union. Bullets rained down on the meeting from outside. Many were killed by a white mob, and others were rounded up and arrested. Twelve of the sharecroppers were hastily tried and sentenced to death. Up stepped Scipio Africanus Jones, a self-taught lawyer who'd been born enslaved. Could he save the men's lives and set them free? Through their in-depth research and consultation with legal experts, award-winning nonfiction authors Sandra and Rich Wallace examine the complex proceedings and an unsung African American early civil rights hero.
