The "law" was a combination of common law, equity, and statute. Much of the foundation of colonial legal systems was the common law of England, which tended to be assumed by the colonies rather than codified. As it happens, the aspects of law that most concern genealogists were, to a considerable extent, unwritten. Common Law

Thus, although every one of Britain's North American colonies received the common law by the mid-eighteenth century, the reception assumed different forms in different colonies. Local interests retained significant power everywhere and used that power to preserve divergent, customary patterns of law that had arisen in the seventeenth century.

William E. Nelson's first volume of the four-volume The Common Law of Colonial America (2008) established a new benchmark for study of colonial era legal history. Drawing from both a rich archival base and existing scholarship on the topic, the first volume demonstrated how the legal systems of Britain's thirteen North American colonies—each of which had unique economies, political structures ...

The Common Law in Colonial America. This comparative legal history treatise challenges the traditional focus on searching for a unifying transmission and reception of the English common law in colonial America in order to explain how a truly American legal culture had developed by the time of the Founding era. Through extensive research into archival legal records and existing historical scholarship, Prof. Nelson demonstrates that the legal cultures of the early American colonies were more ...

In The Common Law in Colonial America: The Chesapeake and New England, 1607-1660, William Edward Nelson writes about three main colonial legal traditions: Virginia, New England, and Maryland. These three centers drew to various degrees from English common law, but deviated from it in a number of important respects and for reasons related to their establishments and purposes.

~~The Common Law in Colonial America: Volume IV: Law and the...~~

In law, common law (also known as judicial precedent or judge-made law, or case law) is the body of law created by judges and similar quasi-judicial tribunals by virtue of being stated in written opinions. The defining characteristic of "common law" is that it arises as precedent. In cases where the parties disagree on what the law is, a common law court looks to past precedential decisions of relevant courts, and synthesizes the principles of those past cases as applicable to the ...

~~Common law — Wikipedia~~

The eminent legal historian William E. Nelson's magisterial four-volume The Common Law in Colonial America traces how the many legal orders of Britain's thirteen North American colonies gradually evolved into one American system. Initially established on divergent political, economic, and religious grounds, the various colonial systems slowly converged until it became possible by the 1770s to ...
