Lesson 2 Sociocultural and Political Evolution: The Development of Societies from the Hunting and Gathering to the Agricultural, Industrial, and Post-Industrial Stages 2. Gerhard Lenski- an American Sociologist argued that human society undergoes transformation and evolution and in the process develops technological advancement. “the more technology a society has, the faster it changes”

**Sociocultural and political evolution - SlideShare**

Evolution has never been just a scientific theory. Ever since it was first properly formulated by Darwin, the theory has been used to advance a variety of political projects. It is not only "social Darwinist" supporters of laissez-faire capitalism who have claimed that their political ideals were grounded in evolutionary theory.

**The Political Gene: How Darwin's Ideas Changed Politics**

To identify the stages of social change “Spencer”, divided the society structure, in to three systems, “regulative system”, “sustaining system” and “distributive system”. He assumed that, society evolve from one stage to another, when population of the society increases. Population of society may increase, due to multiple reasons, via conquest, high birth rate, joining with the previously social systems and expropriation.
