that every single person who can stand for truth come forward.” She’s Arrived! A contemporary voice of the Deep Feminine has finally come to join today’s conversation on consciousness and enlightenment. In *The Sacred Book of U*, Ruth Gould-Goodman—mother and wife, dancer, breath-movement master, and oriental and energy medicine practitioner—elucidates a fresh, philosophically sophisticated, and accessible perspective on feminine spiritual enlightenment. For the modern student (or new devotee) of consciousness and the power of mind, *The Sacred Book of U* offers a nuanced and compassionate understanding of positive vs. negative thinking. Obviating the typical dualistic posture towards negativity or pain of many consciousness paths, *The Sacred Book of U* radically proposes that pain is the Universe knocking on our door, providing the only human way into expanded consciousness and true spiritual growth. The Voice of the Mother, moreover, asserts that spiritual growth can only be initiated through the body—the universal yet uniquely individual portal to a holistic divinity in an otherwise divided and fragmented world. Birthed from a lifetime’s marriage of body-breath movement practice and a deep, clear mind, Ruth’s work provides a tangible, grounded, and whole-systems perspective on authentic transformation. Complete with personal stories containing universal messages, mind-body exercises for practical application, and philosophical discussion of some of today’s most pressing global concerns, *The Sacred Book of U* is a treasure for spiritual readers and students looking for an accessible path of enlightened living and a truly holistic and grounded spiritual practice. The world has been withheld from the feminine’s ‘secret’ for too long! Those who have been ready for an alternative to the long-dominant masculine voices of spirituality will experience Ruth’s teachings with relief and eager enthusiasm.

In the revised edition of his hit book *The Sacred Search*, author Gary Thomas helps single people of all ages make wise marital choices, in large part by rethinking what basis those choices should be made on. Readers are encouraged to think beyond finding their “soul mate,” an idea that has its roots in the philosophy of Plato, and instead adopt a more biblical search for a “sole mate”— someone who will walk with them on their spiritual journey. Thomas asks, What if we focused on why to get married more than on who to marry? What if being “in love” isn’t a good enough reason to get married? And most of all, what if God designed marriage to make us holy more than to make us happy?

Retells the stories from the mythology of the K'iche' Indians which were written down and preserved after the Spanish conquest of Guatemala. Reprint.

For many of us, the scientific breakthroughs of our times--the Big Bang, evolution, quantum physics, and relativity--denote an existence that is bleak, devoid of meaning, or pointless. But here, eminent biologist Goodenough shows how the scientific worldview need not be a source of despair. Indeed, it can be a wellspring of solace and hope. This eloquent volume reconciles our contemporary scientific understanding of reality with our timeless spiritual yearnings for reverence and continuity. Addressing ideas like evolution, emotions, sexuality, and death, *The Sacred Depths of Nature* brings rich, uncluttered detail to the workings of nature in general and of living creatures in particular. Goodenough's clear thinking and writing will allow even non-scientists to appreciate that the origins of life and the universe are no less meaningful in light of

Read Free The Sacred Book Of U

our scientific understanding of them. At the end of each chapter, her spiritual reflections respond to nature's complexity with a vibrant emotional intensity and sense of reverent wonder.

High class Moscow hooker A. Huli is foxy in more ways than one . . . And when a client goes inexplicably and fatally berserk at the sight of her in his luxury suite she has to employ all of her cunning to escape. But it's not until she places an ad on the internet that trouble really begins to kick off, as the journey she takes catapults her into a world of perverts, former KGB agents, oil tycoons and amorous werewolves.

The Popol Vuh is the most important example of Maya literature to have survived the Spanish conquest. It is also one of the world's great creation accounts, comparable to the beauty and power of Genesis. Most previous translations have relied on Spanish versions rather than the original K'iche'-Maya text. Based on ten years of research by a leading scholar of Maya literature, this translation with extensive notes is uniquely faithful to the original language. Retaining the poetic style of the original text, the translation is also remarkably accessible to English readers. Illustrated with more than eighty drawings, photographs, and maps, Allen J. Christenson's authoritative version brings out the richness and elegance of this sublime work of literature, comparable to such epic masterpieces as the Ramayana and Mahabharata of India or the Iliad and Odyssey of Greece.

women's bodies and souls "This book was one of the first that helped me start practices as a young woman that focused on my body and spirit as one."—Jada Pinkett Smith Through extraordinary meditations, affirmations, holistic healing plant-based medicine, KMT temple teachings, and The Rites of Passage guidance, Queen Afua teaches us how to love and rejoice in our bodies by spiritualizing the words we speak, the foods we eat, the relationships we attract, the spaces we live and work in, and the transcendent woman spirit we manifest. With love, wisdom, and passion, Queen Afua guides us to accept our mission and our mantle as Sacred Women—to heal ourselves, the generations of women in our families, our communities, and our world.

The world's first Zen Buddhist paranormal romance?published to coincide with Halloween One of the most progressive writers at work today, Victor Pelevin's comic inventiveness has won him comparisons to Kafka, Calvino, and Gogol, and Time has described him as a "psychedelic Nabokov for the cyberage." In *The Sacred Book of the Werewolf*, a smash success in Russia and Pelevin's first novel in six years, paranormal meets transcendental with a splash of satire as A Hu-Li, a two-thousand-year-old shape-shifting werefox from ancient China meets her match in Alexander, a Wagner-addicted werewolf who's the key figure in Russia's Big Oil. Both a supernatural love story and an outrageously funny send-up of modern Russia, this stunning and ingenious work of the imagination is the sharpest novel to date from Russia's most gifted literary malcontent.
