The Tao of Warren Buffett: Warren Buffett's Words of ...

The Tao of Warren Buffett A collection of pithy and inspiring sayings from America's favorite businessman that reveal his secrets of success. Like the sayings of the ancient Chinese philospher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application.

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In The Tao of Warren Buffett, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy.

Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.

Following in the tradition of the TAO TE CHING, that ancient Chinese classic text on human nature, and more popular interpretations like the bestselling THE TAO OF POOH, wisdom from the iconic cartoon figure, THE TAO OF WARREN BUFFETT is a compendium of quotes from one of the world's favourite businessmen. Buffett's investment strategies and life philosophies are revealed in this easy-to-read collection of sayings, some of which have never been heard before. The perfect gift for everyone on your list: from serious investors to over-spenders, Warren Buffett can teach everyone a few secrets of success.

This irresistibly browsable and entertaining book is destined to become a classic.

Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling Buffettology series. Born in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like The Tao of Warren Buffett and The Tao of Te Ching, The Tao of Charlie Munger is a compendium of pithy quotes including, "Knowing what you don't know is more useful than being brilliant" and "In my whole life, I have known no wise people who didn't read all the time—none, zero." This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger's amazing financial success and life philosophies. Described by Business Insider as "sharp in his wit and investing wisdom," Charlie Munger's investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

Warren Buffett's Stock Portfoliois the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will analyzed using the criteria outlined in Buffettologyand Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

At last, here is a book that reveals what the public really wants to know about this legendary investor: how he determines where he puts his money. From a team with privileged insight, Mary Buffett, a savvy CEO and Warren Buffett's former daughter-in-law, and David Clarke, a successful portfolio analyst, comes BUFFETTOLOGY, the most detailed explanation ever of the billionaire's unique investment techniques. Using Warren Buffett's system to access a company's potential economic excellence and the right price to pay for its stock, BUFFETTOLOGY demonstrates the actual mathematical models and equations, revolving around three variables: the yearly per share earnings figure, its predictability, and the market price of security. With BUFFETTOLOGY, individual investors will come to truly understand, and emulate, Warren Buffett's masterful insight, and see that investment is most intelligent when it is most businesslike.

Published in 1997, the bestselling BUFFETTOLOGY was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as THE NEW BUFFETTOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETTOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

The book is divided into several sections covering Warren Buffett's personal business management: . Managing one's life - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . Managing One's Career - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . Managing Employees - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . Managing the Business - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . Managing of Personal Money - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

Want to be the next Buffett? Learning and understanding his rules to success is a good place to start. This book will reveal some of the most important rules that Warren Buffett abide to. All of which helped him achieved his tremendous success and attain his current status and popularity.
