"The Way Toward Health" should have been titled, The Way Toward Death. This was not an easy read, to watch Jane get sick and die at age 55. But, it was however illuminating, when you began to understand what this book was really teaching. It was a backdoor view of what could happen if we don't change our thoughts or beliefs.

Extracts from "The Way Toward Health" - A Seth Book by Jane Roberts If people become ill, it is quite fashionable to say that the immunity system has temporarily failed - yet the body itself knows that certain "dis-eases" are healthy reactions. The body does not recognise diseases as diseases in usually understood terms.
