14th February is Valentine's Day - a day dedicated for love. Love creates life, sustains life and transforms life and one has to experience all this, without which life has no meaning. The protagonist of this story, Sanjay, is the only son of a middle-class family in Chennai. He is studious and intelligent and is living a dream life, topping in his board examinations, studying at IIT and getting to the magical paradise of America for a bright future. The only thing that has eluded him in this journey is true love, for which he craves and when he thinks he has met the woman of his dreams and he has everything in life, his world collapses, as he is condemned as an introvert, predictable and a boring guy and his partner leaves him. That changes his life forever and he becomes depressed. He heads back to his hometown, a decision that makes him understand the tough realities of life. Now having returned from America, Sanjay finds himself mercilessly condemned and ridiculed by his own fellowmen. The mentality of the people pushes him into further depression and he becomes a recluse. That's when an angel walks into his life, transforms him and leads him to all the good things in life. He falls in love and on Valentine's Day, as he waits for his angel, he realises the value of this true love, the love that will last forever...

First published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

This book explores the conditions under which Nuclear Weapons Free Zones (NWFZs) can be established. It analyzes four hypotheses that explain the factors contributing to the formation of NWFZs, building upon realist, constructivist and liberal theories from international relations. Through structured focused comparison, the book presents and compares the emergence of NWFZs in Latin America, the South Pacific, Southeast Asia, Africa, Central Asia, and the Middle East, which is a prospect for a NWFZ. The book argues that NWFZ projects depend on the following conditions: the security interest of regional states in avoiding nuclear threats, preexisting regional institutions and regional economic cooperation, leadership by a core of regional powers and shared interest in spreading non-proliferation norms. Democracy is not a necessary condition, but democratization can help overcome barriers presented by hesitant or opposed regional governments. As too many of the mentioned necessary conditions are lacking in the Middle East, a NWFZ project, thus, will be possible only after major political changes. This book will be of much interest to students of nuclear proliferation, arms control, security studies and International Relations.

Drago loves the library. The smell of the books, the feel of the pages and of course what is on each and every page. Join him as he has one of the best experiences of his life.

Princess Pulverizer may not be a knight yet, but she won't let that stop her from saving the day! Princess Pulverizer dreams of becoming a knight. Dribble the dragon, a companion on her Quest of Kindness, dreams of becoming a chef. So he's thrilled when he gets the chance to open a pop-up restaurant in the village they're visiting (though he has to stay hidden, since people are still pretty scared of dragons). But a jealous juggler isn't pleased with their arrival, and mysterious problems begin to arise. Villagers feel sick to their stomachs, then a barn burns to the ground--and Dribble is blamed! Can Princess Pulverizer help her friend before things go up in flames? Praise for Princess Pulverizer: Grilled Cheese and Dragons [*]"Very funny series . . ." --Publishers Weekly, starred review "A wacky adventure that stands out through highlighting its heroine's foibles, giving her plenty of room to grow in future installments." --Kirkus "This spirited chapterbook is an obvious choice for Princess in Black grads and Hamster Princess fans." --Booklist "A strong series opener and a solid choice for those looking to increase their early chapter book holdings." --School Library Journal

You know what happens when bad boys get what they wish for? Everything. . . New York Times Bestselling Author Lori Foster Playing Doctor Attitude makes a huge difference in bed. It could be Axel Dean's motto. The sexy physician likes his women with sensual moxie, and Libby Preston definitely seems to fit that bill. There's that naughty grin. That hot bod. Her eager kisses and cheeky insults. Her. . . admitted virginity. Whoa. Okay, cue cold shower. Axel may not be an honorable man, but he has his limits. Except Libby won't take no for an answer. She's determined to have someone show her what she's been missing, and suddenly, Axel can't bear to think of Libby playing doctor with anyone else. . . USA Today Bestselling Author Erin McCarthy The Lady of the Lake Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake your first thought should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a nun's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .
